DRYER EQUIPMENT OPERATOR

Full-Time, Permanent

Grassland Dairy Products, Inc. has been a leading manufacturer of butter and dairy ingredients since 1904 and is looking to add a Dryer Operator to our team in Greenwood, WI. With additional facilities across Wisconsin, Nebraska and Utah, Grassland is a key player in the dairy industry dedicated to producing high quality products while maintaining a positive work environment for a driven, talent-filled team of employees.

A Dryer Equipment Operator is responsible for the efficient operation of pasteurizers, spray dryers, and evaporator systems throughout the fluid plant. This individual is expected to conduct themselves in a manner that promotes the continuous improvement of Grassland Dairy Products mission for Quality, Safety, and Efficient production.

Essential Duties and Responsibilities:

- Comply with applicable good manufacturing, safety and quality assurance practices
- Verify quality control items such as product composition, temperature, physical, and chemical properties.
- Perform daily cleaning and sanitation of equipment.
- Maintain proper documentation in all formats of recordkeeping.
- Demonstrate an understanding of products manufactured and the processes involved.
- Efficiently operate pasteurizers, nano-filtration, spray drying, and evaporator systems.
- Demonstrate proficiency and willingness to work in tight and confined spaces.
- Other duties as assigned by supervisor.

Knowledge, Skills, and Abilities:

- Exceptional attention to detail and strong organizational skills.
- Ability to adapt effectively within a continually changing and demanding environment.
- Basic understanding of flow charts and troubleshooting ability.
- Must be able to demonstrate an ability and willingness to communicate effectively in order to maintain high levels of Safety, Quality, and Efficiency.
- Ability to read and comprehend standard operating procedures and company guidelines in order to maintain regulatory compliance.
- Basic computer skills and the ability to operate testing equipment.
- Must have a high level of hazard recognition and ability to work in confined spaces.
- Demonstrate the Qualified Individuals responsibilities for the Preventative Control - Cleaning and Sanitation Program.

Education and Experience:

- Minimum of high school diploma or equivalent.
- 1+ year(s) of manufacturing and industrial machine operations experience preferred.

Above the Rest Benefits:

- Competitive compensation and weekly pay period.
- Weekend double time pay and shift premiums.
- Zero premium, company-paid health, dental and life insurance.
- Short-term disability.
- Profit sharing plan with 401(k) enhancement, matched.
- On-site health care and wellness initiatives.
